PROF. FLYNN TO COME APRIL 19TH

HEALTH EVANGELIST CONFERS WITH THE PASTORS

GREETED WITH ENTHUSIASM

Health Specialist Who Has Electrified Other Cities to Open Big Campaign Here

Prof. W. Earl Flynn, health evangelist—the man who teaches others how to live to gain real health and happiness in life—was in La Crosse this morning and met the Pastors' Union members in relation to the campaign he will open in this city next month.

Prof. Flynn will come here April 19th to begin what promises to be the greatest movement for good health ever started in La Crosse. He conducts classes, usually at the churches, in which men and women are taught how to eat, to breathe, exercise and live, that they may gain the full measure of health. Prof. Flynn maintains there will be no ill health if one takes proper care of the body and that spiritual tone is a natural consequence of good health. The pastors this morning were previously informed regarding Prof. Flynn's work by personal letters from pastors at Davenport, Iowa, and other cities where he has worked and he was received enthusiastically and endorsed by unanimous vote. He outlined his plan to the ministers and they promised him hearty co-operation in his work.

Prof. Flynn comes to La Crosse under the auspices of the La Crosse Tribune and his lectures on health are free. At Davenport, the final meeting before his departure was so large that the big auditorium was filled to overflowing. An overflow meeting had to be held to accommodate the crowd. Prof. Flynn, from a standpoint of health evangelism, takes a town by storm as does Rev. "Billy" Sunday religiously. He teaches people the road to health, which is from an earthly standpoint the most important of all of life's issues.

Receives Hearty Endorsement.
"I am delighted that we have succeeded in arranging to bring Prof. Flynn to La Crosse," said Secretary Oliver Ash of the Y. M. C. A. today. "I have personal letters—some voluntary and others solicited—from ministers in Davenport, Ia., in which they give him their hearty endorsement. I only regret that we could not defer his visit until just before the opening of our handsome new \$100,000 building, for I believe it would be the greatest 'opener' we could possibly have had. As it is, I believe the work he will do in the city will have a wonderful effect in stimulating the work of the association and that his campaign will prove one of the most far reaching for the attainment of perfect health that has ever been attained in La Crosse."

"We were very much impressed with Prof. Flynn," said Rev. Henry Paville, pastor of the First Congregational church, after the meeting. "He seems to have a great deal of magnetism and certainly took hold of the brethren at the meeting. He seems to be something of a humorist and an actor as well as a health evangelist and I have great hopes for the success of his work here."

Hear Interesting Papers.
After the union had heard Prof. Flynn, a paper was read by Rev. A. V. Ingham of the Caledonia street M. E. church on "Secret Societies and the Church." The paper was a very interesting creation and drew much interesting comment.

STATE MAY BUY CO. B AN ARMORY

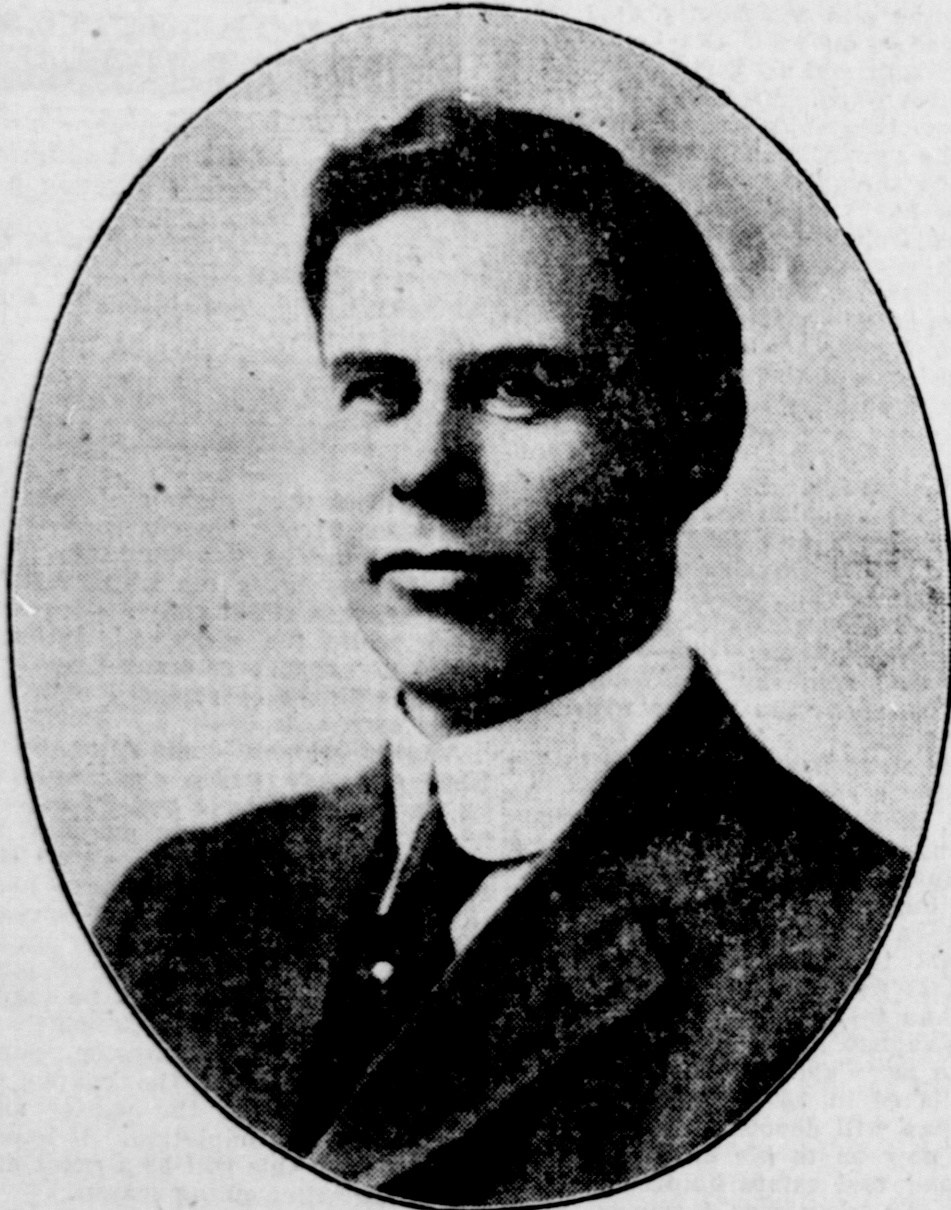

Owing to advices received from General Boardman the officers of the Governor's Guard association have abandoned negotiations for the purchase of the Y. M. C. A. building for armory purposes and decided to take no further action in the matter of a new building until a bill now before the legislature is considered at Madison.

The new bill provides that under certain condition the state may appropriate money, purchase property or appropriate money for buildings for the militia. It will come up with the regular military appropriation bills some time in April.

Col. Julius Kirchkeiser, one of the directors of the Governor's Guard Association said today that the present negotiations have been called off for the above named reason and until action is taken by the legislature, nothing further will be done.

KATHARY TO RUN

William Kathary will run as an independent candidate for alderman in the Tenth ward. The papers are ready to be filed.

MARY FARMER ELECTROCUTED FOR GRUESOME MURDER TODAY

CUT WOMAN UP AND PUT HER IN TRUNK

THE CONFESSION.

AUBURN, N. Y., March 29.—Mary Farmer's confession was as follows:
"My husband, James D. Farmer, never had any hand in Sarah Brennan's death, nor knew anything about it till the trunk was opened. I never told him anything of what happened. I feel he has been terribly wronged. James D. Farmer was not at home the day the affair happened; neither did Jas. D. Farmer ever put a hand on Sarah Brennan after her death. Again I wish to say as strongly as I can that my husband, James D. Farmer, is entirely innocent of the death of Sarah Brennan; that he knowingly had no part in any plans that led to it, and that he knew nothing whatever about it."
(Signed) "Mary H. Farmer."
"Subscribed and sworn to before me, this 25th day of March, 1909."
(Signed) "B. F. Winegar,"
"Notary Public, Cayuga County."

AUBURN, N. Y., March 29.—With half closed eyes and muttering the prayers of the Catholic church, Mrs. Mary Farmer walked to the electric chair in historic Auburn prison at four minutes and thirty seconds past 6 o'clock and gave up her life as penalty for the murder of Sarah Brennan. The electrical execution of the first woman in Auburn prison and the second in New York state was signally successful. After three contacts of the powerful current, the murderess was pronounced dead by Warden Benham at 6:15:40 o'clock.

While the mystic power sufficient to move the heaviest freight train or move the most ponderous machinery was racing through the rigid, distended body, annihilating every vestige of human life, the husband paced his cell within a stone's throw of the execution chamber, condemned to die in the same chair for complicity in the murder which has been styled by two courts and the governor as one of the most deliberate and brutal in the criminal annals of the state.

Her Baby Fretting.
Two score miles away, within sight of the scene of the murder in the little village of Brownsville, an infant son lay fretting in his crib, unconscious of the significance of the drama—the climax to the first chapter of the judicial decree that may make him an orphan shorn even of the consolation of a whole-some memory.

Unconscious of the heritage of woe that hedges his future with an insuperable barrier, the child—Peter—holds no key to the inscrutable problem of a life he must attempt with such a hopeless handicap—a living monument to the awful judgment, "visiting the iniquity of the fathers upon the children unto the third and fourth generation."

In a last word to Father Hickey.

DEMOCRATS HAVE MEETINGS PLANNED

THIS WEEK WILL BE A LIVELY ONE POLITICALLY

SKAAR AND WOLFE SPEAK

They Will Open the Campaign at Meeting at Centennial Hall Tomorrow Night

Plans are being made for a strenuous campaign by the democratic campaign committee. The speakers and candidates will get into action tomorrow evening when there will be a large meeting at the Centennial hall. The Third Ward Marching club will attend the meeting in full force and it is expected that the meeting will be a record breaker for size and enthusiasm.

Attorney's O. R. Skaar and W. F. Wolfe will be the speakers of the evening. A number of the candidates will also be present and possibly they may be called upon to say a few words.

Chairman Doherty, who is working on the plan of campaign, gave out the following list of meetings:

Wednesday Night
Snow Plow hall—Speakers, P. W. Mahoney and Prof. A. H. Schubert.
Union hall on Rose and St. Cloud streets—Joseph Boschert and John Doherty.

Thursday Night
Central hall on Clinton and Cal.

Declaring Treaties Have Been Broken, Creeks Begin a Real Indian War

GUTHRIE, Okla., March 29.—Gov. Haskell received a first report from the troops sent to Hickory Ground late this morning. Col. Hoffman, in command, reported that he had twenty men each from the companies at Oklahoma City, Chandler, Shawnee, Durant and Muskogee. Adj. Gen. F. Canton has been empowered by the governor to use all the troops necessary to suppress the Indian outbreak.

Twenty men have been ordered from the signal corps at Blackwell, and sixteen from the engineer corps at Lawton. They will report at Hickory Ground at once.

Gen. Canton will probably go to Hickory Ground tonight.

OKLAHOMA CITY, Okla., March 29.—In a pitched battle at Hickory Ground at 6 o'clock Saturday evening between officers and Creek Indians of the Snake clan, Officers Edward Baum of Checotah, Herman Odum of Checotah and Frank Swift of Muskogee were killed.

BURY TWO VICTIMS.
CHECOTAH, Okla., March 29.—City Marshal Edward Baum and Deputy Sheriff Herman Odum, killed by the Indians when they endeavored to serve a warrant on Chief Crazy Snake at Hickory Ground Saturday, were buried here today.

Chief Chitto Harjos (Crazy Snake) was located, with a number of heavily armed Indians, lying in a ravine about two miles from the site of the camp he abandoned and burned on Saturday. The place is a natural fortress. There is but one approach and it could be held by three men against an army.

Seek to Prevent Fight.
The militia under Col. Hoffman are still camped at Hickory Ground, according to advices received this morning. The early firing is said to have been done by members of a volunteer posse who have joined the Indian hunt. No general fight has yet occurred.

It is said that owing to the strong position occupied by Crazy Snake, Col. Hoffman will endeavor to secure his peaceable submission, and not to push the fighting.

Excitement Is Great.
Within thirty minutes after the report of Saturday's battle reached Checotah, a hundred men were armed. Every available gun and practically all the ammunition in town were taken. In an hour fifty men were marching toward Hickory Ground.

When the news reached Muskogee officers immediately issued a call for men and in a short time a posse of fifty was ready to march. From Henryetta and Weleetka men will

FLORIDA'S TWO BEAUTIES TO WASHINGTON SOCIETY

The capital is greatly interested in the family of Florida's new United States senator, Hon. Duncan Fletcher. Senator Fletcher has just arrived and taken his seat in the upper house of congress. He has brought with him from the south his two talented and beautiful daughters, Miss Nellie Fletcher, shown on the left in the picture above, and Miss Louise Fletcher, shown on the right. The Misses Fletcher have been heartily received into the younger senatorial circle, and the Fletcher home will be one of the social centers during the extra session of congress.

Friends of Van Wormer in La Crosse who have heard from him within a few months say he was located at San Francisco at last accounts.

Van Wormer is remembered here. His career as a stock broker was terminated by his arrest for alleged embezzlement of funds entrusted to him for options in the Chicago grain market. It was claimed that he never turned these funds over to his employers and the transactions never were entered on their books. The case was heard before Judge Fruit in circuit court and the defendant was acquitted.

Soon after this Van Wormer associated himself with Horace G. Mc-

UTERMOEHL RECEIVES REFUSAL OF OFFERS TODAY

FIVE FACTORY PROPOSITIONS

Pearl Button Plant Which Wants a Location Regarded as the Most Favorable

The Armour Packing Co. will not consider La Crosse as a location for their plant. This is the ultimatum that was received by Secretary John L. Utermoehl of the board of trade this morning from D. J. Dunham of the Armour Packing company, Chicago. Mr. Dunham states that owing to the present conditions it would be impossible for the Armour company to consider La Crosse as a location for their plant.

"While this is a severe setback, it does not dampen our hopes in the least," said Mr. Utermoehl this morning. "We had hardly expected to land that immense proposition. We will however make a strong effort to land the other five factory propositions that we have before us, and I will call a meeting of the factory committee to take these other matters up this afternoon."

The other propositions that Mr. Utermoehl refers to are a pearl button factory that employs between 150 and 200 men with a pay roll of \$1,500 to \$1,800 a week, with work all the year round; a furniture factory of considerable size; a lithographing and engraving company; the high pressure valve company promoted by Mr. O. S. Storlie of Blair, Wis., who will be in the city this afternoon to take the matter up with a number of the business men in the city, and a sanitary stool proposition that desires a location.

All of these concerns are considered worthy of fostering and the board of trade will make a strong effort to land some of them at least. The pearl button factory is the most likely as it will start work this spring and they want a decision inside of two weeks.

The regular monthly meeting of the board which was scheduled to take place a week from tomorrow has been postponed a week on account of election day.

DR. ANDERSON NOT TO SEEK ELECTION AS NON-PARTISAN

MAYOR WRITES LETTER TO EVANS AND HOLLEY

HE DECLINES WITH THANKS

APPRECIATES EVIDENCES OF FAITH IN ADMINISTRATION

SCARE IS NOW REMOVED

Other Candidates Happy and Party Managers Can Again Figure Party Lines

Mayor Wendell A. Anderson today declined to become a non-partisan candidate for mayor.

The declination came in a letter to Dr. Ed. Evans and John M. Holley, Sr., through whom he spoke to one hundred leading citizens who signed his petition and pledged themselves to support him by every means in their power, and to hundreds of others who had publicly and privately expressed the hope that the mayor might enter the lists in the cause of good government.

Mayor Anderson's letter is short. It is merely an appreciation of the confidence expressed in him, and an acknowledgement that the arduous two years, while it might have been accepted as a duty, was not a prize to justify a fight for its possession. The letter follows:

The Letter
La Crosse, March 29th, 1909.
Dr. Edward Evans and J. M. Holley, Esq., La Crosse, Wis.

Dear Sirs: Having more carefully considered the request, bearing the signatures of a large number of prominent citizens and received at your hands, to become a non-partisan candidate for the office of mayor at the coming municipal election, it seems proper to repeat in a formal manner what was said to you personally, at the time of its delivery and since, that I do not desire to assume the possibilities of two years more in the executive office.

This opportunity is availed of to express to all those who signed that request, and many others, my high appreciation of the honor and confidence manifested by friendly insistence that I accept the nomination.

I may also add that, eliminating the personal features, I fully agree with the statement that it "is of great public importance that the office of mayor should be taken out of the influence of party politics," although doubtful whether the great mass of our people are alive to the advantages which would follow such action.

The idea of divorcing politics from

WEATHER FORECAST

COLDER

Extremes in La Crosse, 30, 40; wind at 7 a. m., 6 miles an hour; precipitation, .01 inch.

Extremes in United States: Havre, 18; Jacksonville, 78.

Forecasts today:

Wisconsin—Generally fair tonight and Tuesday, except snow near Lake Superior; colder tonight.

Minnesota—Fair tonight and Tuesday; colder tonight.

Iowa—Fair tonight and Tuesday; colder in east and central portions tonight.

Weather Conditions.

An area of moderately high pressure overlies the country from Montana to Kansas; elsewhere the pressure is below normal with centers of depression in the extreme northeast, in the west gulf states and off the coast of British Columbia. These pressure conditions favor fair weather in this section tonight and Tuesday with somewhat lower temperatures tonight.

Rain or snow has occurred in nearly all districts during the past 24 hours and snow continues locally in the plains states as far south as Kansas, in the upper Mississippi valley and upper lake region.

The Importance of Your Advertising

In a recent copy of Printer's Ink it is stated that Mr. John Wanamaker at 70 years of age is today more absorbed in his advertising than in any other single detail of the Wanamaker business, and that Mr. C. W. Post of the Postum Cereal company of Battle Creek, Mich., finds time to supervise and vitalize all the printed statements for his products. Here are two of the most successful business men in America who appreciate that the advertising end of their business is the most important side. Yet there are many men who consider the advertising proposition as superficial and hardly worth while. They turn it over to young men without training or experience in this line of work. Is it not well to realize that advertising is the greatest selling force the world has yet known—that it is the fountain head of any business that has to do with the sale of goods—that it requires the best brains that can be applied to it.

Shrewd advertisers, too, must study mediums with as much care as they study methods and any advertiser who will study the local field will quickly realize that The Tribune is the most effective advertising medium covering La Crosse and the surrounding country, reaching all classes of people, and is a selling force without an equal.

HIGH SCHOOL WINS CITY CHAMPIONSHIP

HIGHS MAKE BASKET AFTER GAME ENDS A TIE

CONTEST IS HOTLY FOUGHT

Track Team Is Ready for Work and While Stars Are Not Shining, Coach Hopes for Constellation

By defeating the Y. M. C. A. basketball team Saturday night, in one of the closest and most exciting games played at the High school gymnasium this season, the La Crosse High school aggregation clinched their claims to the city championship. The game was a clean exhibition of basketball, only eight fouls being called.

The "Y" team took the lead from the start but held it for a short time only. At no stage of the game was either team more than two points in the lead, and it was anybody's game until the time was called. At the end of the first half the score stood 10 to 9 in favor of the high school. When the second half commenced the "Y" team began to toss baskets which boded evil for the Highs, but the rejuvenation of Roddy helped to stave off the impending defeat. When time was called the game was a tie, the score being 24 to 24, and the two teams continued playing until another basket should be made. After about half a minute of play, Stavrus who had been substituted in Dickens' position, tossed a pretty basket, making the score 26 to 24, and winning the game for the High school. He was immediately hoisted to the shoulders of an admiring and jubilant crowd who carried him around the gymnasium.

The refereeing of C. A. Nichols of Rochester was a feature of the game. Y. M. C. A. field goals—F. Nelson, 5; B. Nelson, 2; Zein, 2; L. Nelson, 1; Buchda, 1; baskets from fouls, Zein, 2.

High school—Roddy, 4; Tourtelotte, 4; Dahlgren, 2; Stavrus, 1; goals from fouls, Roddy, 4.

Track Is Ready.

Captain Tourtelotte expects to have the track team out next week if the warm weather continues. The snow is off the oval and the cinder track will soon be in condition for the sprinters and distance men. Although the stars of last year are missing, it is expected that a winning aggregation can be turned out by the aid of good coaching and faithful training. The acquisition of Roddy will help considerably in the weight events, but the school is sadly lacking in sprinters, broad jumpers and pole vaulters. It is hoped that some of the promising material of last season can be developed into point winners. At the present time it is not known if La Crosse will be represented at the Ripon interscholastic, where the team of last year succeeded in capturing second place, but the Madison meet is assured.

HOUSTON DEFEATS CALEDONIA TEAM

HOUSTON, Minn., March 29.—(Special.)—On Friday night the fast invincible basketball team came down to Houston to wipe them off the map, but Capt. Amidon had his boys practicing and when the smoke of the game had cleared away Houston was the victor by a score of 27 to 12.

The Houston boys played a good clean steady game, every one starting for himself. The work of McGuire, Simonds and Garrison as forwards and center was a feature, while the way Peacock and Amidon did guard work would cause anyone to stand up and take notice.

The Caledonia boys are a bunch of game losers, never giving up until the whistle blew. Loendt as guard was their most "brilliant" player, he trying to keep in the line light at all stages of the game, but the rest played a less spectacular game.

The Houston team has not lost a game on the home floor this year, and have played against the fastest teams in this vicinity. He only team that they could not get a game with was the Y. M. C. A. of La Crosse.

The game was refereed by Malvin Blehrud, the Rockford twirler, who gave perfect satisfaction, clearly demonstrating that he knew as much about basketball as he knows about the national game. The line-up was as follows:

Houston Caledonia
Garrison C Wheaton
Simonds F Belding
McGuire F Rollins
Peacock G Lovett
Amidon G Anthony
J. McGuire Sub L. Pirsch
Attendance—350.

Preliminary Game.

The preliminary game between the Juniors and the World, two girl teams, was hotly contested, the World winning by the score of 17 to 19.

When your failures become knock-out drops, instead of spurs to further effort, it is a sign you are getting old, no matter how long you have lived.

JIM CORBETT POSTS HIS FORFIT MONEY

SHOWS JOHNSON HE MEANS BUSINESS NOW

WILL KNOW FOR SURE TODAY

Champion Arrives in New York Today and Will Have a Talk With Jeffries—Burns Talks

CHICAGO, March 29.—Fight fans will either see James J. Jeffries or Jim Corbett in the ring with Champion Jack Johnson in the near future. Corbett and Johnson had a conference here yesterday and Johnson agreed to fight Corbett if Jeffries does not agree to fight him in two weeks. Not until "Gentleman Jim" agreed to post \$1,000 forfeit money did Jack see Corbett meant business. Johnson will arrive in New York today where he expects to get an answer from Jeffries as to whether he will fight him or not.

Tony Burns, the heavyweight, has been heard from for the first time since he fought Johnson. In a letter received here by one of his friends he says if given another chance he can whip Jack Johnson hands down. He says: "At the time of the fight, Johnson's seconds were yelling and the police that my jaw was broken and for them to stop the fight. But when you see the pictures, you will see where I ran to my corner in the thirteenth round and was strong at the finish. Johnson went to his physician two days after the fight and the doctor told me he had two broken ribs. 'It's in me to beat Johnson. If I won't fight me again then I'm through with the game. If I was as big as he is, I would make him show that 'yellow streak' in five rounds.'

MORNINGSTAR LEADS BILLIARD TOURNAMENT

NEW YORK, March 29.—After the first week's play in the international 18.2 ball billiard tournament, Ora Morningstar of New York, leads with three wins and no defeats. George Slosson, the "student," George Sutton, of Chicago, and Louis Cure, the French expert, have won two and lost one. Calvin Demarest, former amateur champion, and A. G. Cutler of Boston, have won one game and lost two, and J. P. Cline of Philadelphia, has lost four games.

LEISE TRADED FOR NEEDHAM TO SAINTS

MEMPHIS, Tenn., March 29.—Fred W. Leise, drafted by the Chicago National club from the Madison club of the Wisconsin state league, has been traded to the St. Paul club of the American association for Tom Needham, catcher, formerly of New York and Boston. Chicago gave a cash consideration with Leise. This trade is taken to mean that Manager Chance of Chicago has decided to let his famous backstop, John Kling, stay away if he fishes to and also that all negotiations for the return of "Doc" Marshall from the Brooklyn club will be called off as Needham will give the champions their third experienced catcher.

BATTLING NELSON STARTS TRAINING

MILWAUKEE, Wis., March 29.—It was learned today that Battling Nelson, who is here filling a theatrical engagement, has been matched for a ten round bout before on of the New York club on April 23.

Nelson's opponent is not yet chosen, but he will be selected from Packey McFarland, Freddie Welsh and Owen Moran.

The battler will start light training here at once. When his engagement here is over, he will show a week in Chicago and then start for New York.

MAHMOUT TO MEET SWEDE WRESTLER

INDIANAPOLIS, Ind., March 29.—Yussif Mahmout, the wrestler, with his manager, Jack Curley, has arrived from New York for the finish go with Charles Olson, the Hoosier-Swede, at Tomlinson hall this evening. Mahmout has taken on several pounds in weight since his last appearance here, when he failed to throw Olson in 4 1/2 minutes. The big Turkish-Bulgarian now tips the scales at something like 215 pounds. He is in splendid condition for the match.

PAUL SIKORA BACK IN THE LIMELIGHT

DETROIT, Mich., March 29.—Paul Sikora, the Chicago featherweight, is coming back into the ring, according to today's announcement, after a sojourn of about five months in the far west. He will make his bow at the Windsor A. C. Wednesday night, where he is to have an eight round go at 124 pounds with Charley White of Chicago.

YOUNG ERNE

NEW YORK, March 19.—Young Erne has posted a forfeit of \$300 for a return match with Freddy Welsh. Erne has parted from his manager, "Billy" McCarthy, because of the disagreement which they had while in New Orleans.

BOATS AWAIT THE SPRING BREAKUP

Awaiting the breakup of the ice, there are at the present time many boats in the bay at Fountain City. The Fugina boat, the Ideal will be used in this vicinity for excursion work while the steamer Rutledge which was seen here many times last season will not be replaced with another excursion boat.

The government boats Alert, Fury, Elsie and Ada which are employed by Captains DuShane and Thompson in their river improvement work, in their respective districts, and all the barges and quarter boats have been tied up in the bay the past winter. These boats have been overhauled thoroughly during the winter and when the river opens will be ready for the improvement work which is done annually. A monster sand dredge has been in the course of construction during the winter and is now nearing completion. It is anticipated that this will be a great aid in the work the coming season.

While the river is open nearly the entire way from Fountain City to St. Paul, it is still closed at Trempealeau and also at this city.

SPRING SHOOTING LAW IS ASSURED

Assemblyman Kneen of Bangor writes constituents in this county that he feels certain that the petitions for spring shooting of ducks will be favorably considered and that a law will be passed by this session of the legislature permitting ten days of shooting in the spring of the year.

"ADS" IN PAPERS OF ALL COUNTRIES

How small this world of ours really is after all, is graphically suggested in a package of newspapers just presented the Tribune by the Chamberlain Medicine company of Des Moines, Ia.

A parcel consisting of over 30 publications from remote parts of the globe, including South Africa, Australia, China, Japan, Java, South America, India, the Philippines and other tropical countries all containing marked advertisements of the Chamberlain remedies, shows to advantage the gigantic task which rests upon the advertising department of these mammoth medicine makers.

That their well known medicines are as much in demand in the Orient as they are in the United States is evident from the size of their advertisements, and the exorbitant advertising rates which they are forced to pay for such publicity. The papers are very interesting, some of them containing advertisements of other well known American products.

Cheating the Dogs

In a certain part of Scotland, according to Dean Ramsey, the shepherds used to take their collies with them to church. The dogs behaved well during the sermon, but began to be restless during the last psalm and saluted the final blessing with joyful barks. In one church the congregation resolved to stop this unseemly detail; so, when a strange minister was about to pronounce the blessing, all remained seated, instead of rising as he expected. He hesitated and paused till an old shepherd cried:

"Say awa', sir; we're a sittin' to cheat the dogs."—Tit-Bits.

ELECTION NOTICE

OFFICE OF THE COUNTY CLERK.

To the Electors of La Crosse County:

Notice is hereby given that a Judicial and School Election is to be held in the several towns, wards and villages in the county of La Crosse on the sixth day of April, 1909, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the title of the office under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below.

INFORMATION TO VOTERS

The following instructions are given for the information and guidance of voters: (a) A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. . . .

(b) If a voter wishes to vote for all the candidates nominated by any party he shall make a cross or other mark under the party designation printed at the top of the ballot in the circle made for that purpose. A ballot so marked and having no other mark will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased or a name shall be written in or a cross mark be placed in the square at the right of the name or names of candidates in another column. If the voter does not wish to vote for all the candidates nominated by one party, he shall mark his ballot by making a cross or mark in the square at the right of the name of the candidate for whom he intends to vote or by inserting or writing in the name of the candidate.

(c) A voter may vote upon a question submitted to a vote of the people by making a cross (X) or mark in the square at the right of the answer which he intends to give.

(d) The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all shall be issued to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter.

(e) After it is marked it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place.

(f) A voter, who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability.

(h) The party designations and candidates for the different officers, are as follows:

For Justice of the Supreme Court, for the term commencing on the first Monday in January, 1910.

his audience as perhaps no other speaker in the party.

Early in the evening the hall was filled with electors and when the aspirant for the mayoralty was introduced there was hardly a vacant seat.

He began by explaining his candidacy, declaring that his personal platform is a business policy that means the greatest good for the greatest number of taxpayers without exception as to classes.

The speaker deplored the fact that in municipal campaigns the two opposing parties are classified as republican and democratic and said that this infused into city campaigns a lot of national and old nearly forgotten issues which created ill feeling and had no bearing upon the real questions at issue.

"Progressive" and "conservative" were the names which the doctor thought would be better suited to the opposing factions in a city strife. He

DR. FRIEND C. SUITER

defined the conservative element as that which is satisfied with matters as they stand and refuse to do anything for the advancement of the city; the other is the party which will take the initiative in bringing in new industries and enlarging present ones.

He advocated the laying aside of party grievances and advised the citizens to stand by the party which offered the best advantages to the interests of the citizens of a city as a whole.

"In unity there is strength" said Mr. Suiter, and he spoke at length upon the necessity for citizens to get together for their mutual advantage, going back to the time when primal man first began to realize the first principles of society.

He urged upon his hearers the necessity of the city of La Crosse standing solidly for good government and said he believed this would be done at the polls this spring when the voters became familiar with the principles for which the republican candidates stand.

All know "Doc."

"A leopard cannot change his spots," Mr. Suiter said in closing. "I have been in La Crosse for twenty-five years and what I am, you all know. I need no introduction to most of you, indeed, I dare say that I am acquainted with every person in this room. I have always been on the square, open and above board."

"In this campaign you will see the faces of many of the candidates depicted on cards. My physiognomy is so well known to you, however, that it will not be circulated in this manner. I don't need to. But speaking of cards, they are a good medium of impressing the names and features of

There Will Be Very Few Dyspeptics Here After This Remarkable Preparation Becomes Better Known

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of Indigestion and Stomach trouble? You crowd it with steaks and pastry, irritate its juices with spices and acids and expect this little four-ounce mill to do its work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid, Stomach gas and Stomach poison, putrefying the intestines and digestive canals, causing Bilelessness, Headaches, Dizziness and Indigestion, Heartburn, Nauseous Breath, Constipation and other more dangerous symptoms?

Call your disease what you will—Indigestion, Gastritis, Nervousness, Dyspepsia, Catarrh of Stomach, etc.—you know the real name the real disease is fermentation of the food you eat—a sour Stomach which belches gas and crurts undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your Pharmacist for a case of Pape's Diaphepsin. Eat a triangle, and five minutes later your Stomach will do what a healthy Stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a Stomach. One triangle will digest all the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy stomach.

candidates in the minds of the voters, and I feel sure that if you but remember these names and face you will vote the entire republican ticket April 6th.

Barber for Business.

William E. Barber who followed Dr. Suiter on the program delved deeply into the issues of the campaign. He said that the city of La Crosse has arrived at that stage where it is necessary for men of thought to stop and consider. He produced figures to substantiate his claim that between the years 1900 and 1908 the assessment has increased from \$12,941,343 to \$20,256,572 and the taxes from \$291,180 to \$384,874, despite the fact that the population has not increased nor property increased to any great extent.

This increase in the burdens of the taxpayer the speaker charged in part to the democratic administrations of the last twelve years. He said he believed in a more economical way of running civic affairs.

Industry instead of beauty is what Mr. Barber predicted for the city if the republican ticket is elected. "It is all very well," he continued, "for us to have parks and we are not opposed to beauty, but we must have something more than beautiful streets and drives. La Crosse is at a standstill. The population does not increase, but our taxes do."

Advocates Change.

He promised a change in the policy for the coming term although he had no charges to place against the present officers at the city hall. He hinted that they had been there so long that they had gotten into a rut and some have become so "stubborn" in the performance of duties that a change is for the best interests of the taxpayers.

Regarding the park appropriation the speaker said that it was well for the city to raise this money but far better if the same amount was placed in the hands of the board of trade or other authorized body and used to bring new factories to La Crosse. He cited two cases where industries had been turned down because there was no money with which to do anything.

Time to Call Halt.

"It is time to call a halt!" he vehemently declared. "These officers have been in power for ten and twelve years. They have given you three streets and drives, but our population has remained stationary and our taxes are oppressive."

"I am not a knocker! Parks are nice and we ought to have them, but, is it good policy to borrow the money for these things which we cannot afford? Would it not be better for us to borrow money and bring factories here which would bring more people and lessen our taxes?"

Mr. Barber also offered objections to the office hours kept at the city hall. He compared these to the hours of an every day business man and deplored the fact that the officers were permitted to devote so little time to transacting the business affairs of the city. In closing he pledged the republican party to Mr. Suiter.

All His Democratic.

District James Thompson, who was the last speaker on the program agreed with Dr. Suiter that his campaign was not one of party issues or personal ambitions, but a campaign

for the greatest good to the greatest number of taxpayers.

He touched upon the points brought out by the previous speaker and said that La Crosse factories are going to Dubuque and Madison and other neighboring cities on account of the prohibitive tax rates which have been placed upon the people. He undertook to show how high rents were caused by high taxes as these discouraged the building of houses by capitalists. In part, he said, these conditions can be charged to the past democratic administrations.

He charged that there is property in La Crosse where the valuation is twice the actual possible selling price and claimed that this is an artificial condition which is just a nother way of raising the burden of taxation without raising the rate. "It can be done in two ways," he said. "Either by raising the rate, or raising the valuation. If the valuation was not artificially inflated," he declared, "our tax rate would now be 3 cents instead of 19 mills."

Experts to change the books, the filtering plant movement, inspection of drinking water, changes in the systems of accounting in the controller's office, were all faults or extravagances of democratic rule according to the speaker, and he proposed a more economical form of government.

He dwelt for some time on the plank in the platform in regard to health. He charged the administration with negligence in permitting the La Crosse Gas and Electric company to appear before the rate commission and get an increase in rates without any opposition being made in behalf of the consumers. He charged that there were city hall cliques which took government into their own hands. He said that the present city hall occupants have been there long enough, declaring that they are only men, not kings. In closing he summed up with a list of the candidates devoting some time to each.

MRS. C. SPERBECK DIES IN DUBUQUE

Word was received this morning by Edward Wheeler, 825 Rose street, announcing the death of his sister, Mrs. C. Sperbeck, at East Dubuque, Sunday at 5:45 p. m. She had been sick but a short time with la grippe which turned into pneumonia and resulted fatally.

The body will arrive over the Burlington, Wednesday as the interment will be made in Oak Grove cemetery here. The funeral services will be held at the Caledonia street M. E. church, Rev. Ingham, officiating. The funeral arrangements are being looked after by Undertaker Sletten.

DEAD MAN HAD KEAVENY'S BOOK

While the coroner was holding an inquest over the body of a stranger who had been killed by a train in Milwaukee, a trainman's book bearing the name, "Thomas Keaveny, La Crosse, Wis.," was discovered and it was at first supposed that this was the stranger's name. Upon wiring this city it was found that Mr. Keaveny was here, perfectly well, attending the funeral of his brother Francis. How the stranger obtained possession of the book is not known but it is supposed that he had either found it or stolen it. The particulars of the killing is at the present time unknown here.

The Harmony Of Home

Does Not Mingle With or Emanate From The Table of Dyspepsia

In the home, meal time should awaken in all the inhabitants a peculiar harmony of joy which will make for the home the abiding place of interest and happiness.

If one member at the dinner table is out of sorts, his influence is felt and the harmony is lacking. Conversation and mirth are absent. Devouring thoughts assail the diners and silence prevails.

"At The Dyspeptic's Table Ominous, Quiet and Gloom Crowds Out Mirth."

All physicians agree that mirth and joy at meal time does much toward digestion. Mirth tingles the whole nervous organism of man, the cells wherein are stored valuable digestive juices, empty their contents under the nerve stimulation and promote the highest degree of digestion.

If gloom and discomfort prevail at table the reverse action obtains and meals become necessities, not anticipated joys.

Stuart's Dyspepsia Tablets are little storehouses of digestion which mix with the stomach juices, digest food, retinge the mucous membrane and its nerve centers, give to the blood a great wealth of digestive fluids, promote digestion and stay by the stomach until all its duties are complete.

If dyspepsia sits at tables it makes the dining room a place of awe; these tablets should be taken after meals and dyspepsia of a consequence flees.

No need for diet or fasting. The dyspeptics who will use them religiously will find no sense of nausea in the sight of generous meals or in the odor of rich cooking.

It matters not what the condition of the stomach Stuart's Dyspepsia Tablets only improve the juices and bring quiet to the whole digestive canal of which the stomach is the center.

Forty thousand physicians use these tablets in their practice and every druggist sells them. Price 50c. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

PADEREWSKI GIVES UP TOUR; RETURNS HOME

People who were so delighted and enthusiastic over Paderewski when he appeared here recently, will regret to read the following account taken from a recent New York Herald:

"Mr. Ignace Jan Paderewski has been obliged, owing to rheumatism in his right arm and the fingers of his right hand, to cancel the dozen or more concerts for which he had made engagements, and the distinguished pianist will return to Europe leaving next Tuesday.

"It was only about a fortnight ago that the trouble assumed an acute form, but ever since the beginning of his present American tour two months ago Mr. Paderewski has suffered more or less and was warned by his physicians that he was unwise to continue playing. Two weeks ago in Washington he was told that a rest was absolutely necessary, but he continued to keep his engagements.

"The concert in Minneapolis, where he played on March 12, gave him so much pain that he, as told in the Herald, returned to New York to consult specialists. He arrived here Sunday last in his private car, the Pilgrim. At that time it was said he hoped to resume his tour in Dayton, Ohio, tomorrow night. The lack of improvement and his physician's advice have caused the present change in his plans.

"Mr. Paderewski's present visit to this country was made partly in order that he might have his new symphony, his first work of that character, played by the Boston orchestra. The composition was well received last month in Boston, New York and elsewhere. He had hoped to lead it himself, but the rheumatism from which he suffered was even then so painful that he was obliged to surrender the baton to Mr. Fiedler."

SURPRISE PARTY

Friday evening the members of the Junia club surprised Miss Stella Flanagan at her home on South Seventh street in honor of her birthday. The hostess almost failed to recognize her friends in their various costumes. After laughing and chatting a while the party gathered in the kitchen where an old fashioned candy pull was indulged in. All present reported a very enjoyable time. Before departing for their homes a

flash light was taken as a souvenir of the occasion.

Those present were Anna Dockendorff, Elizabeth Davis, Lillian Kampshorner, Theresa Yanzer, Dorothy Yanzer, Josephine Jansky, Belva Holst, Loretta Flanagan, George Lapitz, Stella Flanagan, Josephine Holiky, Marie Flanagan, Elda Holst and Johanna Flanagan.

MRS. HOLWAY ENTERTAINS.

Saturday afternoon Mrs. Jessie Holway entertained three tables at bridge in honor of Mrs. Elsie Gile Scott. The prizes were taken by Mrs. Mills Tourtellotte and Mrs. S. S. Hebbard. The guests were Mesdames Scott, George Gordon, Alex Hyslop, W. H. Tarbox, Mills Tourtellotte, S. S. Hebbard, W. A. Anderson, Emma Law, P. H. Hough, A. T. Clinton and Hiram Goddard.

Saturday afternoon Miss Gertrude Hogan entertained a quartette of young girls in honor of the sixteenth birthday of Miss Laura Cunningham.

SOCIAL BRIEFS.

Mr. and Mrs. C. M. Palmer of New York spent the day with Mrs. Palmer's mother and sister, Mrs. W. R. Sill and Miss Frances Sill. Mr. Palmer is a newspaper broker. He was a La Crosse man, and began his newspaper career with the La Crosse Republican and Leader. Their home is at Caranah Lake, in the Adirondack mountains, where they have been for several years on account of the health of their son, Mr. Charles Palmer.

Russell James of Minneapolis spent Sunday with his parents, Mr. and Mrs. Alfred James.

Mrs. John J. Esch returned last week from Washington, D. C.

CITY NEWS

PEDDLERS NABBED—Two peddlers operating without a license were brought up short by the police Saturday and have now changed their territory to some place where they will not be required to pay a \$25 license. The men were selling shoddy suit patterns at low prices and did a land office business during the first hour they spent in the city. Suspicious purchasers however who feared the goods were stolen informed the police and before noon they were in the hands of the police. They were dismissed on promise to cease peddling.

CLASS DRILL—A class of 63 school children were examined at the German Lutheran church on West avenue south yesterday morning by Rev. Gamm, and next Sunday, (Palm Sunday), the same class will be confirmed.

REV. H. R. VAUGHN HERE.—Rev. H. R. Vaughn of Elk Mount, a chautauqua speaker, will deliver a free lecture at the First Presbyterian church Wednesday evening at 7:30 o'clock on the subject "Reasons for New Factors in Religious Education."

REMONSTRANCE AGAINST TRACK.—Residents in the vicinity of the new factory to be erected by Elgin Hackner in the Sixteenth ward have filed a remonstrance with the city council seeking to prevent the Green Bay & Western railway from

building the proposed spur track to the new factory.

SWAN CLERK.—During the absence of County Clerk Rawlinson, who is confined to his home with an attack of the grip, the affairs of his office are being taken care of by Supervisor John Swan.

FINE BADGER.—One of the most perfect specimens of badger even seen in the state was captured by Joseph Leis of Cashton, who sent it to F. J. Steinlein, 818 Adams street, requesting that he get some taxidermist to mount it for him.

SNOW FLURRIES.—Snow yesterday and today did not create the impression of summer, but it is expected that the present cold spell will pass in a couple of days and that a thaw with probable rains will follow.

STREETS CLEANED.—The streets in the brick paved districts are all being cleaned up by the board of public works, and only patches of dirt which are still frozen to the ground remain to be carried away.

BEN HUR LEAVES.—The Ben Hur company played its final engagement in La Crosse Saturday night and the company left with its trainload of equipment for Oshkosh, where it opens tonight.

ICE ROAD REMAINS.—The "ice road" from the foot of Cass street still remains to be seen on the ice which stays in the river, but a stretch of open channel separates it from the land and it is no longer safe.

MORRIS HERE.—Senator Thomas Morris was in the city yesterday, returning to Madison today to resume his work in the senatorial investigation.

YOUNG MEN WANTED

United States Government Gives Railway Mail Clerks \$800 a Year to Start, and Increases to \$1,200.

Uncle Sam will hold an examination for Railway Mail Clerks in La Crosse and throughout the United States on May 15. Many ambitious young men, with only a very ordinary school education, can readily pass. The government wants young men over 18 with common sense, to take examinations for railway mail clerks and carriers, and the Government Positions Bureau, of Rochester, N. Y., with its peculiar knowledge of the requirements of the examination, can fit any young man in a short time to pass. A government position means steady work, good pay, and a yearly vacation. There is time to prepare for the May 15 examinations, and any reader of the Tribune can get full information how to proceed, free of charge, by writing The Government Positions Bureau, 923 Powers Block, Rochester, N. Y.

CUT WOMAN UP AND PUT HER IN TRUNK

(Continued from page 1.)
of the Holy Family church, who has
ministered to her spiritual needs
throughout the long confinement in
the dungeon of the condemned, Mary
Farmer, dictated her confession, a
perfunctory, brief declaration of her
husband's innocence of the crime for
which he stands condemned to die.

Insane, Says Priest.
Father Hickey believes the chair
has claimed an insane victim. Sheriff
Beltinger, of Jefferson county, who
discovered the mutilated body of
Sarah Brennan in the trunk and first
accused the husband and wife, has
no patience with the theory of even
a supervised insanity.

"She was as sane as I am," de-
clared the officer who thinks the law
half vindicated, after witnessing the
execution. "Although no material
interest was manifested by Mary
Farmer in her little boy during her
long incarceration in the women's
prison, the shadows of the death
chamber witnessed a fitting thought
to his future in the dictation of

an autobiography that is to be read

lad is capable of understanding.

Meets Condemned Husband.

The visit of the condemned woman
with her husband last night was one
of the most affecting scenes ever wit-
nessed by Father Hickey, inured as
he was to executions. There were
no tears, no touch of the hand, no
kiss. For a fine screen aided the
steel bars in carrying out the man-
date of the law that there shall be
no physical contact between the con-
demned prisoners. As a result of
the meeting, James Farmer made his
first demonstration of affection, be-
seeching Father Hickey to take
charge of the body. This the priest
consented to do and the remains will
be interred in St. Joseph's cemetery
just outside the city limits.

"How do you do, Jim," said Mary
soberly as she approached the cell of
her condemned husband.
"How do you do, Mary?" he re-
plied, without a touch of emotion.
"You're looking mighty well."
"Is that so?" was the smiling an-
swer.

Pair Left Alone.

At this juncture Warden Benham
inquired if the prisoners had any-
thing to say in private and when
told that they would appreciate the
privilege, Warden Benham, the
priest and the two women attend-
ants withdrew to a corner of the
cell. The unhappy twain conversed
in low tones for more than an hour
until the warden suggested that it
might be well for Mrs. Farmer to
seek rest and quiet. Without a mur-
mur of dissent, the woman retreated
from the aperture of her husband's
cell.

"Goodbye, Mary."
"Goodbye, Jim. If I don't see you
again in this world, I will in the
next."

In the death chamber, the con-
fession was dictated to Father Hickey,
who advised a public statement that
might do complete justice to James
Farmer, who awaits the same fate.

JUDGE FRUIT 60 YEARS OLD TODAY

Today Judge J. J. Fruit is sixty
years of age.

Although critically ill at St. Fran-
cis hospital he was somewhat bright-
er this morning and realized that it
was his birthday as soon as the first
bouquet was brought in. "I wonder
how they knew it was my birthday,"
was his comment as a large nosegay
was brought in by an attendant.

Mr. Fruit is not so well today as
he has been for the last two days
and his strength is slowly ebbing
away. Although he brightens per-
ceptibly when anyone approaches his
bedside, these bright moments are
followed by sinking spells.

A FAMOUS BEAUTY SPECIALIST

Gives Advice To Women Lacking in
Energy and Vitality.

Thousands of women are using
toilet preparations unsuccessfully.
Cosmetics fail to improve their
thick, muddy complexions or to ban-
ish the pimples, blackheads and
crow's feet.

No wonder. Their trouble lies far
deeper than the skin. They have bad
blood, and bad blood in 90 per cent
of the cases arises from inflamma-
tion of the mucous membrane. Their
blood is filled with poison which is
certain to break out in unsightly hu-
mors and blotches—while pale,
drawn faces, deep circled eyes, stoop-
ing shoulders and weak backs com-
plete the story of suffering and de-
spair.

Inflammation of the mucous mem-
brane is catarrh. Banish catarrh and
complexions will clear as if by mag-
ic, pain vanish, eyes will brighten,
faces become plump and shoulders
erect. Perfect beauty goes only with
perfect health, and perfect health
for women can only be obtained
through Rexall Mucuo-Tone, the one
positive and permanent cure for cat-
arrh.

Mrs. Swift, 44 W. 26th St., New
York City, the most famous beauty
specialist in the world and an accept-
ed authority on all relating thereto,
has this to say of Mucuo-Tone:

"I can strongly endorse the claims
made for Rexall Mucuo-Tone as a cure
for systemic catarrh. Its tonic ef-
fects are remarkable. It builds up
the strength and restores vitality. If
women who are tired and run down,
lacking in energy and vitality, will
use Mucuo-Tone, they will praise it as
I do for its strengthening and heal-
ing qualities."

Rexall Mucuo-Tone works through
the blood, and acting directly upon
the mucous cells—the congestion and
inflammation of which are the sole
causes of catarrh—causes them to
expel the poison and to resume their
natural functions. Thus the mem-
branes are cleansed—the blood puri-
fied and revitalized.

We know that Rexall Mucuo-Tone
will cure every form of catarrh, no
matter where located, of how long
standing, or by what other names it
is known. We guarantee to refund
your money if you are not satisfied
with the vigorous health and clear
complexion it brings you.

CREEKS' WAR PATH IS TRAIL OF BLOOD BATTLE EXPECTED

also go to Pierce, the place selected
for mobilization.

At 11 o'clock Saturday night,
Adjt. Gen. Frank Condon, of the
Oklahoma National guard, wired to
Col. Roy Hoffman of Chandler im-
mediately to call four companies of the
state guard for mobilization. Com-
panies at Oklahoma City, Chandler,
Muskogee and Durant probably will
depart soon for Henryetta.

A dispatch from Checotah says
the Snake Indians have been pur-
chasing rifles and ammunition for a
month, and that they are supplied
with powder and lead enough to last
them two days.

Chief Harjo, who has often in the
last two years expressed his displeas-
ure at the restraints of law, and who
has frequently called men into coun-
cil on that account, is believed to
have determined to make a firm
stand in behalf of his ideas of lib-
erty.

He and his band have been out-
laws for years. It required the ser-
vices of United States officers and
the threat of a call for the state
militia to quell his band last fall
during a session of the council at
Hickory Ground.

Attack Was Planned.

The fact that the Indians retreat-
ed so quietly and quickly to the
place where they are now encamped
is declared here to be evidence that
the uprising has long been planned.
It is believed that the signal smokes
that have been seen are a call for
other Indians to come to the ravine.

Crazy Snake has more than a
hundred of his own men with him.
All are heavily armed. Besides these
there are a large number of negroes.
Thirty armed negroes joined him late
yesterday.

Seminole Did It.

A posse of deputies from Checotah
has arrived. The deputies are en-
deavoring to find who killed the two
men shot Saturday when their en-
deavor to serve a warrant on Chief
Crazy Snake. The chief's son
who was captured and strung up by
a rope until his Indian stoicism was
choked out of him, declares that the
men who shot the officers were Sem-
inole Indians and not Snakes. This
is believed to be more evidence that
the uprising is intended to include
more than the few Indians in Crazy
Snake's band.

Deputy Stidham, shot and killed
yesterday, was not shot by the In-
dians. According to a statement
made today the deputy accidentally
killed himself with his own gun.

Fight Rumor Today.

Early today it was reported from
Henryetta that firing had been heard
in the hills and it was believed that
a fight between Chief Crazy Snake
and his band of Indians and half
breed negroes and the state troops
sent out to quell them had taken
place. This information was errone-
ous.

Find Burning Camp.

Troops marched on the Indians
yesterday and at evening came upon
the burning tepees of the Indian
camp. The soldiers were halted and
camped for the night. At daybreak,
they were expected to move forward
on the Indians. The band under
Chief Crazy Snake was to have been
given a chance to surrender. From
the firing reported, it is believed
that the Indians refused to surren-
der and that an engagement has fol-
lowed.

There is great excitement at Hen- ryetta and in the surrounding towns.

Since the unexpected shooting of
deputy sheriffs Saturday night they
have feared the Indians and the ar-
rival of the state troops was wel-
comed.

Other Indians May Be.

The lazy smoke of signal fires was
seen today at different places in the
hills about Henryetta. Yesterday the
fires were lighted. Today it is said
that they are burning in different
places and it is declared by the old
Indian fighters that the new smokes
are a reply to the signals of yester-
day.

Eight were found Friday, six Satur-
day and seven Sunday. These were
killed by sheriff's posses and by
farmers who volunteered to help the
deputies and determined to wipe out
the outlaw band surrounding Chief
Crazy Snake. The band, it is said, is
made up not only of Indians and ne-
gro half-breeds, but by outlaws who
have been induced by the chief to
join the band.

Other Forces Feared
The whole Snake country is to be
searched by the troops. It is feared
that the band with the chief in the
ravine near Hickory Ground is only
a part of his force. To be sure that
he has rounded up all the Indians,
Col. Hoffman is planning to send one
company to the Tiger mountains, one
company to search the country
about Pierce. The others will watch
the country about Hickory Ground
and see that the Indians with the
chief do not leave the ravine to which
they have retreated.

Capture Red Stragglers.

The militia at Hickory Ground
have taken a number of captives to-
day. The prisoners are stragglers
who, it is thought, were on their
way to join Crazy Snake's band.
There are now about sixty Indians
and half breeds under arrest.

The militia force at Hickory
Ground consists of a hundred pri-
vates and thirty-five officers, com-
missioned and non-commissioned.
A force of deputies with dogs are
trailing Chief Crazy Snake and his
men. The deputies first thoroughly
searched the ground about the old
camp of the chief. The trail the
dogs are taking leads towards the
ravine in which it was reported
earlier today the chief had taken his
stand.

DR. ANDERSON NOT TO SEEK ELECTION AS NON-PARTISAN

(Continued from page 1.)

municipal affairs is not new to me,
for I have practiced it in adminis-
tration and have given expression to
such views in democratic political
meetings. At such a meeting a few
years ago, reference to a former ad-
ministration was made in the follow-
ing words:

"The record of that two years of
success and failure was finished in
1891, and whatever success or what-
ever failure may be attributed to that
administration by others, to my mind
the great and overshadowing failure,
so far reaching in its results, was in-
ability to inspire sufficient confi-
dence in the minds of professional
and business men to impress them
with the advisability and advantage
of eliminating politics from our mu-
nicipal administration."

Again expressing sincere apprecia-
tion of honor bestowed by your ac-
tion I feel obliged to adhere to my
original decision, not to become a
candidate.

Yours very respectfully,
(Signed)
WENDELL A. ANDERSON.

Straighten Party Lines

The letter of Dr. Anderson will
end an embarrassing situation for the
party leaders. Owing to the uncer-
tainty as to the mayor's accepting as
a non-partisan, the politicians could
get no definite information as to the
strength of their candidates. Party
lines were broken and twisted, and
litical counsels of their parties were
either openly proffering support to
the doctor, or secretly counting the
cost of deviation from the party
course. Indeed, it was known to Dr.
Anderson that men high in the po-
litical councils of their parties were
prepared to take the stump for him,
and had he accepted none who knows
him doubted that in the three cornered
fight that must have ensued the
mayor would have to be reckoned
with. As he is not to run, the names
of party men who would have stum-
ped for him are withheld from pub-
lication.

Strongly Urged

The efforts to get the doctor to ac-
cept the nomination was a serious
one. As late as noon today prominent
citizens called upon him and urged
him to make the fight. Almost every
night he was visited at his home by
men of influence, and urged to run.
Letters and assurances of support
came to him from all quarters and all
classes, and it was with difficulty
that so broad and earnest a move-
ment could be checked by refusal.

TWO MORE LOCAL LAYERS SIGNED

A message of President Rooney of
the La Crosse club announces that
he has secured Catcher Schafer and
Outfielder Schwartz of Toledo from
the Racine club. These men were
signed by the La Crosse club early
last fall before the new league was
formed and they are said to be first
class players. Both played in the
Toledo city league last season where
they both made enviable records.

Mr. Rooney will return with Man- ager Safford tomorrow evening from Chicago. This evening they will at- tend a meeting of baseball men in the city of Chicago.

DAILY GAIN IN WEIGHT

Comes to Those Who Use Samose,
Says Druggist Erhart

The poor, thin, emaciated person,
when he or she becomes plump, rosy
and robust by using Samose, forgets
that there is such a thing as weak-
ness and underweight.

Samose restores health to the
whole system so that the tissues as-
similate from the food all of those
elements which make solid bone
firm muscle, pure blood, and suffi-
cient fat to restore beautiful and
symmetrical outlines to the figure.

An Increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vig- or and vitality, Druggist Erhart will return your money. You certainly can afford to try Samose on this guarantee.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

S. S. S. is the one and only reliable and certain cure for Contagious
Blood Poison. This claim is not based on the treatment of a few cases of
the disease, here and there, but its success extends over a period of more
than forty years, during which time thousands upon thousands have found a
cure by the use of this great vegetable remedy. S. S. S. is first of all, an ab-
solutely perfect blood purifier, able to go down into the blood and remove every
particle of the virus of Contagious Blood Poison. It cleanses and purifies the
circulation, and in this way removes the cause of the trouble. Then nature,
assisted by a rich, healthy blood supply, quickly renovates and renews the
system, while the symptoms of ulcerated mouth and throat, skin eruptions,
discolored spots, falling hair, sores and ulcers, etc., disappear, leaving
the body entirely free from the effects of this insidious poison. When S. S. S.
has thoroughly cleansed and purified the circulation there is no danger of
any future outbreak—the blood is pure and the cause of the disease entirely
removed. Home Treatment Book containing many valuable and helpful
suggestions for those who are curing themselves with S. S. S., and any medical
advice desired sent free to all who write.

PRIMARY AFTER DINNER SUBJECT

SIX O'CLOCK CLUB TO TAKE IT UP TONIGHT

LEADING ADVOCATES SPEAK

Virtues of the Various Applications of the Theories Will be Taken Up in Speeches

MADISON, Wis., March 29.—Interesting as possibly forecasting the trend of legislation in regard to the primary election system will be the meeting and dinner tonight of the Six O'clock club, Madison's civic club, which will be addressed by prominent members of the legislature of both parties and noted students of the subject. The meeting will be presided over by Prof. B. H. Meyer, chairman of the state railroad commission, and the speakers will include State Senators S. M. Marsh of Neillsville, and Paul E. Hustling of Mayville; Assemblyman George P. Hambrecht of Grand Rapids, James M. Clancey of Stoughton and Prof. Ernst Meyer of the university of Wisconsin.

All of the speakers except James M. Clancey are in favor of the primary election system in theory, differing in its application and in the methods used to carry out the purpose. Senator Marsh, who is chairman of the senatorial investigating committee, is a La Follette supporter and an original worker for primary election, but favors legislation which will rotate the names of candidates on the ballot; the provision for "second choice" and the limitation of campaign expenses. Senator Hustling is a "progressive" democrat who, contrary to the majority of his party, favors the primary system. Assemblyman Hambrecht believes in primary election but especially favors legislation which will limit the expenditure of money in campaigns. Prof. Meyer has made a deep study of the primary and has set down the result of his researches in a book.

Mr. Clancey, who is prominent among the democrats of the state and one of its most brilliant lawyers, recently was interviewed as to his view of the primary election system and the view he expressed then doubtless is still held by him. Said he: "When the apostles of 'representative government' commenced to talk about this law, they told us it would rob money of its power and fill the public offices with scoundrels, chicanes and angels; that it would give the poor man a chance to jump aside the pinnacle of fame with his overalls on; that it would make politics as pure as the driven snow and establish representative government upon a safe and sure foundation. So,

SPRY AT 64 Keeps Well and Active on Postum

Postum does one good because it is made of clean hard wheat and contains no drug or other harmful substance.

"My husband always had his coffee twice a day—thought he could not do without it," writes a N. Y. woman. "About twelve years ago he began to have bad spells.

"His head felt queer, was dizzy and sick at his stomach. The doctor would come, and prescribe for biliousness but medicines gave no permanent relief.

"In a short time the same old spells would return. This went on for years, until we dreaded these spells and feared he would become an invalid.

"A friend to whom we told this experience said it was coffee. He had been the same way and stopped drinking coffee and got well by change to well-made Postum.

"He told us to be sure to make it right, according to directions on pkg. Now we like Postum as well as coffee, and I can't remember when my husband has had a sick day.

"Those bad spells are a thing of the past. He is 64, works every day and is as spry as a boy. We have been using Postum a year and a half and are glad to have a delicious drink which does not injure us as coffee did."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

WOULD CHRIST IN HIS PITY PUNISH

QUESTION ASKED BY REV. A. LINCOLN SHUTE

IS CONDEMNATION ETERNAL

Vital Topic of What Comes After Death Taken Up by Prominent Pastor in Sermon Series

Last night Rev. A. Lincoln Shute preached at the First Methodist Episcopal church on the question, "Is Future Punishment Eternal?" The text was chosen from the words of Christ at the close of his description of the final judgment: "And these shall go away into eternal punishment; but the righteous into eternal life." Matthew 25:46.

Christ himself will be the final judge who will pronounce that sentence. He knew what he was talking about. And he declares plainly that there are two future states—one of eternal punishment for the wicked, and one of eternal blessedness for the righteous.

Human reason is insufficient to pronounce upon the question of the duration of future punishment. The instinctive recoil from such a terrible truth is justified by the Divine reluctance to punish. But any government which would appeal its criminal cases to the sensibilities of the people, would soon perish. We cannot condemn the Divine government for obedience to a principle, the violation of which would be the speedy ruin of all government. Human reason does declare that there will be punishment in the future, because of the evident fact of moral government in the universe, and the necessity of a just retribution. The inequalities of this life show that a just governor must adjust these hereafter.

No man is capable of pronouncing against the eternity of future punishment. Man, of himself, knows not the facts of that other life, the demerit of sin; neither has he been in the councils of the Almighty.

The Doctrine of Universalism. Universalism teaches that all future punishment is disciplinary and reformatory; and therefore that all men finally will be restored to happiness and holiness—that all will be saved. This doctrine supposes that a man may be in prison—suffering retribution—and at the same time on trial—in a state of probation. But, if the future is a state of probation for the wicked, it must be the same for the good, a notion that robs everybody of any assurance of final happiness on any ground whatever. Penal suffering did not reform the fallen angels in at least four thousand years. Such a hope is indeed the hope of despair. And the punishment of sinners is not always disciplinary in the Divine administration of this world, as is evidenced by the flood, the destruction of Sodom, the overthrow of the hosts of Pharaoh, and the striking down of Ananias and Sapphira. In his parental government God chastises in order to reform; in his moral government, he punishes with final retribution.

Misinterpretation of Scripture. Universalism misinterprets Scripture. Christ died for all and is the Savior of all men; but only in a special sense that secures actual personal salvation, in the case "of those who believe." God indeed wills the salvation of all, but only in the appointed way and on conditions which the man must meet, or be lost. Every knee shall bow to Christ and every tongue confess that he is Lord; but the pity of it is that so many, who might do this as loyal followers, will be compelled at last to do it as the rebel devils do, who "believe and shudder."

The claim that eternal punishment is contrary to the justice of God, is based on profound ignorance of the demerits of sin and the requirements of mercy and justice in God's government of the whole universe.

Universalism's teaching of final restoration is opposed to the Bible doctrine of salvation through the atoning death of Jesus Christ. It makes suffering and punishment in the future life more effective to save from sin than the saving power of the Christ offered to men in this life. This is not surprising, when we remember that Universalism knows no Divine Savior in the sense that Christ is really God. Such a savior spells his name with a little "s"—he is without power to save anybody.

Fact Is Established. The fact of eternal punishment is established beyond the possibility of

doubt by the revelation of God. In a former sermon it was shown that the intermediate state is not one of probation. Now it remains to show that the Scriptures teach positively this doctrine. Daniel says that some will awake "to everlasting life," and "some to shame and everlasting contempt." Paul affirms that those who disobey the Gospel of Christ will "be punished with eternal destruction from the face of the Lord." Jesus tells us that the judge will say: "Depart from me, ye cursed, into eternal fire"; and he also takes the pains to warn us that "there the worm dieth not, and again he adds: 'Whoever shall blaspheme against the Holy Spirit hath never forgiveness, but is guilty of an eternal sin.' What blasphemy is it, for any man, in the face of such a declaration from the Son of God, to affirm that all men at last are going to be saved? Jesus said that it would have been good for Judas never to have been born, and that between Abraham and Dives there was a great gulf fixed, so that there could be no passage from the one place to the other. The final judge speaks in the same terms in the text concerning the duration of the blessedness of the righteous and the punishment of the wicked: 'These shall go away into eternal punishment; but the righteous into eternal life.' The same word is used in both cases—abandonment, and it means unlimited duration, that which will never cease. When the blessedness of the righteous ends, then will end also the punishment of the wicked—and not before, unless a few Universalists, scattered here and there, know more about the government of God than does his own Son who made the worlds. If any drug store in our city put enough poison in every prescription to kill the patient, what a storm of righteous protest would go up from our citizens! What then shall he said of that teaching which has in it the poison of eternal death?

If the Bible used as strong and clear language to teach that all men finally will be saved, as it does in declaring the eternal doom of the wicked, all who believe the Bible could not help being Universalists. On the other hand, if the Bible does not teach the doctrine of eternal punishment, then it must be admitted that it is impossible to convey that doctrine in human language. Revelation is the only sufficient source of truth concerning such a subject. Reason is powerless to pronounce for or against. Punishment is one of the most perplexing problems of life in both parental and civil government. When a man is put to his wife's ends to know how to govern his little five year old boy, what folly is it for him to presume to know more than the Son of God about how God should govern the universe!

No Chance After Death. Why then should any one persist in even hinting that there is a chance after death or that all men finally are to be saved? If true, such a teaching can do no good for this life; and, if false, it encourages delay until it is too late. Comparatively few turn from sin unto God after reaching the age of thirty years. How much less likely that any one, if he could, would make such a change in eternity! No wonder that Matthew Hale

If you wore medals as a Cook

If you have a reputation of preparing the finest, lightest, most delicious and digestible baking in the land—if you never know what failures or disappointments are—if you were delegated to cater to the tastes of a finicky old king,

CALUMET BAKING POWDER

Would Sustain or Even Enhance Your Reputation.

The elements composing CALUMET are blended with such exactness that it is famous for its evenness of strength, leaving the food light, sweet and wholesome.

Do not confuse CALUMET with cheap or big can kinds, or the high-priced trust brands. It is a strictly high-grade baking powder, sold at a moderate price.

That it is the highest in quality and absolutely pure is proven by the fact that it received the highest award at the World's Pure Food Exposition, Chicago, 1907.

Ask your Grocer—Don't accept a "just as good" kind—insist on CALUMET.

Smith, after twelve years as a Universalist preacher of the better type, when he was converted and made acquainted with Jesus Christ as his God and Savior, spoke of his past life as a retrospect "terrible beyond description. Twelve years worse than wasted! Employed in strengthening the hands of the wicked; in removing the restraints of the Bible; in assuring them that they would not die, though they disobeyed God. My pathway seems strewn with the wrecks and ruins of souls! On every side lost souls cry out, 'But for you we might have been saved!' It is a fearful responsibility, to put one's self in position to hear such an accusation from the lost. Christianity provides for getting hell out of men, and thereby keeping men out of hell. If the Bible is right, all talk of a future chance is a lie of the devil. If the Bible is right, the sinner is lost; and he may be saved, if he takes his chance in time. And saved in heaven once, he is safe for ever; the conditions of that future life are fixed. The subject next Sunday night will be, 'Heaven—Where and What Is

It?" Mr. Shute preaches every night this week, except Saturday. His theme tonight is, 'Salvation—Do We Need It? And if so, Why?' Song service at 7:30, led by C. H. Baker.

PRESENCE OF MIND SAVES BOY HUNTER

PRAIRIE DU CHIEN, Wis., March 29.—Murrell Tyler, the 16-year-old son of Herzel Tyler, was accidentally shot while hunting today. His gun slipped and as he grabbed for it the charge exploded, entering the left arm below the elbow and lodging in the shoulder. Plugging the hole of the wound with his thumb, he walked two miles to Bridgeport to telephone for aid and waited for four hours for a train to come to this city to have the arm amputated.

INHERITANCE TAX BILLS WEDNESDAY

MADISON, Wis., March 29.—(Special.)—The assembly has set as a

special order for Wednesday all inheritance tax bills, including the measure introduced by Assemblyman Merlin Hull of Black River Falls, which provides that the proportion which the state receives in legacy taxes shall be turned into the common school fund.

Another important inheritance tax bill to be considered on that day was presented by Assemblyman Kamper of Racine to give the county a larger share of the inheritance tax.

HERKIN OBSERVES HIS ANNIVERSARY

George Herkin, the well known trunk manufacturer, celebrated his 73rd birthday Saturday and a host of friends presented him with a huge car. Mr. Herkin will ride in his new car during the coming summer on fishing trips.

The less money a man will give his wife the more generous he thinks he is for letting her ask for it.
